Studebaker OUT OF THE YEARS OF AUTOMOBILE BUILDING COMES

In any field of endeavor only one thing can establish Leadership: THE CONFIDENCE OF THE PUB-LIC. To win this confidence in any enterprise means success to lose it means destruction. The formula is simple—but inexorable.

The public does not give its confidence lightly. It is a prize beyond price to be worked for with untiring effort, unwavering purpose and immutable faith. The public is patient, the public watches, and finally the public passes judgment.

The public has watched the development of the automobile industry, watched it from its earliest pioneering, watched it through the years of its advancement. Hundreds of builders of automobiles have made their bids to the public for its confidence.

And finally the public has passed judgment. It has given its confidence to 'Studebaker. Studebaker has been aeclaimed the Leader. Studebaker has won the reward of its 70 years of unfaltering devotion to a fixed principle—THE PRINCIPLE OF COMPLETE SAT-ISFACTION TO EVERY ONE WHO DEALS WITH THE HOUSE OF STUDEBAKER.

To the dealer who sells Studebaker Cars, Studebaker leadership is an asset of definite value. There is an opportunity here and there for dealers who value this sort of asset.

Is that Check Safe?

Suppose it falls into the bands of a crook, and because it was drawn on super that was not insured, he raises it? Not a pleasant thought, is it? Of course the possibility of this imposuing may be remote, but it does exist, and YOUR check may be the next one to be raised. That's why we have the SUPER-SAFETY INSURED checks, to prevent this

This protection costs our depositors nothing whatever. Come in and let us give von a book of SUPER-SAFETY INSURED CHECKS

THIS IS A STUDEBAKER YEAR

Feel Stiff and Achy After Every Cold?

Do You Have Constant Backache? Feel Old and Lame and Suffer Sharp, Rheumatic Pains? Then Look to Your Kidneys!

DOES every cold, chili or attack of grip leave you worn-out and utterly miscrable? Do you feel old and lame, stiff and rheumatic? Does your back ache with a dull, unceasing throb, until it seems you just can't stand it any longer?

Then look to your kidneys! Grip, colds and chills are mighty hard on the kidneys. They fill the blood with poisons and impurities that the kidneys must filter off. The kidneys weaken under this rush of new work; become congested and inflamed.

It's little wonder, then, that every cold leaves you with torturing backache, rheumatic pains, headaches, dizziness and annoying bladder irregularities.

But don't worry! Simply realize that your kidneys are overworked at such times and need assistance. Get a box of Dean's Kidney Pills and give your weakened kidneys the help they need. Assist them, also, by drinking p re water freely, eating lightly and getting plenty of fresh air and rest. Dean's Kidney Pills have helped thousands and should help you. Ask your neighbor!

"Use Doan's," Say These Grateful Folks:

J. A. Roberts, bookkeeper, l'ark Ave., Brownsville, Tenn, asys: "I took cold easily and it always settled on my kidne s, eausing them to get out of order. I suffered intensely from pains across my book and I couldn't rest comfortably nights. My kidneys didn't act properly and I felt drowny and tired. Upon a neghbor's advice I began taking Donn's Kidney Pills and they entirely rad me of this trouble and I mend them too
